

### **REMARKS**

This Amendment is submitted in response to the Final Office Action dated August 13, 2003 ("the Action"). Claims 1-80 are pending in the application.

#### **Allowed Claims**

Applicants acknowledge with appreciation, the Examiner's allowance of Claims 21, 22, 24-58 and 72-78.

#### **Allowable Subject Matter**

Applicants also acknowledge with appreciation, the Examiner's statement that Claims 71 and 80 recite allowable subject matter and would be allowed if amended to incorporate the base and any intervening claims. Instead, Applicants have canceled Claim 71 and incorporated the subject matter into its base claim, Claim 1. Accordingly, Applicants respectfully submit that Claims 1-20 and 69, 70, which depend from Claim 1, are in condition for allowance. Similarly, Claim 80 has been canceled and the subject matter incorporated into its base claim, Claim 59. Accordingly, Applicants respectfully submit that Claims 59-68 and 79 are in condition for allowance.

#### **The Obviousness Rejections**

Applicants note for the record that they disagree with the Examiner's obviousness rejections but have amended the claims as noted to advance prosecution. In addition, Applicants submit that the dependent claims recite independently patentable subject matter. However, in light of the allowability of the subject matter in the independent claims and in the interest of brevity, the independently patentable subject matter of the dependent claims will not be discussed further herein.
